BIODEGRADABLE PRODUCTS

Eco Friendly (Biodegradable) Plates & Bowl

Made from Sugar Cane Bagasse which is the left over residue after the sugar cane juice extraction process has taken place. Sugar cane is 100% tree-less, an annually renewable resource and is completely biodegradable.

- Superior in Performance
- Sturdy
- Suitable for hot or cold foods
- Microwavable
- Refrigerator and Freezer Safe

Better alternative to traditional plastic, paper and Styrofoam products
How bagasse products are manufactured?

Rather than throwing away or burning sugarcane stalks, the pulp is made into paper-like substance called Bagasse. Bagasse can be molded into different shapes and products that are perfect for food service packaging.

9" Bio-Based Plate
